Note: If they began this survey by being redirected after taking the Residents Survey, this screen was skipped to avoid them from having to enter their Survey ID and PIN a second time.

ABOUT THIS SURVEY

The Henrico County Planning Department is updating one of the county's key policy documents, the Comprehensive Plan. As part of the process, the department has launched a major effort – *HenricoNext* – to establish a cohesive, countywide vision for the future. To better understand how our residents feel about recreation and parks, a survey has been created to receive community feedback. **Your responses are important even if you do not use recreation and parks.**

The Recreation and Parks survey is being conducted as part of research by the Survey and Evaluation Research Laboratory (SERL) at Virginia Commonwealth University and Clarion Associates. **The survey is completely voluntary.** You may choose to participate or not. **Your responses will be kept confidential.** Your name will not be connected to your answers. Results will only be reported in aggregate.

The survey may take about 10-20 minutes to complete, depending on your answers. You will be asked about your opinions and experiences with various recreation and parks activities. You may select "Choose not to answer" or leave your response blank on any item. But we appreciate it if you can answer the survey questions to the best of your ability.

PLEASE NOTE: All open-ended written responses will be reported verbatim. Names, or other information that might identify specific individuals, will be redacted from any written report. Your responses will be kept confidential. Your name will not be connected to your answers. Results will only be reported in aggregate.

Upon completion of the survey effort, SERL will prepare a report of the results. It will be publicly available and posted to county's Comprehensive Plan website www.henriconext.us.

We hope you will take the time to complete the survey. Your honest feedback will help shape the future of Henrico County. If you have any questions or concerns about the survey, please email vcuserl@vcu.edu or contact SERL directly at 804-827-0047. You may also contact the Recreation and Parks Department at 804-501-7275. For more about the project, please visit www.henriconext.us.

Are you an adult 18 years of age or older?

- ◯ Yes (I am an adult 18 years of age or older)
- ◯ No (I am under age 18)

Do you live in Henrico County?

- ◯ Yes
- ◯ No
- ◯ Don't know
- ◯ Prefer not to answer

← Back Next →

VCU L. Douglas Wilder School of Government and Public Affairs
Survey and Evaluation Research Laboratory

Note: If not "Yes" to both Q1 and Q2, the survey was terminated.

Henrico County Recreation and Parks would like your input to help determine park and recreation priorities for our community. This survey will take 10-20 minutes to complete depending on your answers.

We understand that COVID-19 has impacted levels of park and program use, so please reflect on your participation levels over the past 24 months when completing the survey.

1. Have you or members of your household visited any Henrico parks, recreation centers, facilities or athletic fields during the past 24 months?

- ◯ Yes
- ◯ No
- ◯ Don't Know

2. On average, how often did you or members of your household visit Henrico parks during the past 24 months?

- ◯ At least once a week
- ◯ A few times per month
- ◯ At least once per month
- ◯ A few times a year
- ◯ Less than once a year
- ◯ Don't know

3. Assuming good weather, how do you access local parks? (Select all that apply)

- ☐ Driving
- ☐ Transit
- ☐ Walking
- ☐ Biking
- ☐ Other

TOGETHER TOWARD TOMORROW

4. From the following list, please check ALL the parks, trails, athletic complexes or recreation facilities in Henrico County you or members of your household have used or visited over the past 24 months.

- [ ] Baseball/Softball Fields
- [ ] Basketball Courts
- [ ] Boardwalk
- [ ] Boat Ramps
- [ ] Canoe/Kayak Launch
- [ ] Covered Picnic Shelters
- [ ] Cricket Fields
- [ ] Disk Golf
- [ ] Dog Parks
- [ ] Exercise Trails
- [ ] Historic Sites/Museums
- [ ] Horse Trail & Ring

- [ ] Indoor Fitness Facility
- [ ] Indoor Gyms
- [ ] Multi-Purpose Fields (Football, soccer, lacrosse, etc.)
- [ ] Nature Centers
- [ ] Paved Trails
- [ ] Performing Arts Centers
- [ ] Pickleball Courts
- [ ] Picnic Areas
- [ ] Playgrounds
- [ ] Pump Track
- [ ] Recreation Centers
- [ ] Sand Volleyball Courts
- [ ] Skate Park
- [ ] Spray Park
- [ ] Tennis Courts
- [ ] Unpaved Trails

5. What concerns, if any, do you have with the parks, trails, athletic complexes and recreation facilities in Henrico County you have visited?

- [ ] Maintenance and cleanliness
- [ ] Outdated equipment/facilities
- [ ] Lack of access for people with mobility limitations or special needs
- [ ] Lack of facilities to meet your needs
- [ ] Security or safety issues
- [ ] Lack of age appropriate park amenities to meet needs
- [ ] Facilities not equally distributed throughout Henrico County
- [ ] Customer service
- [ ] No concerns

6. Overall, how would you rate the physical condition of ALL the parks, trails, athletic complexes and recreation facilities in Henrico County you have visited?

- ◯ Excellent
- ◯ Good
- ◯ Fair
- ◯ Poor

7. Overall, how satisfied are you with the parks, trails, facilities and recreational programs provided by Henrico County Recreation & Parks?

- ◯ Very Satisfied
- ◯ Somewhat satisfied
- ◯ Neutral
- ◯ Somewhat dissatisfied
- ◯ Very dissatisfied

13. Have you or other members of your household participated in any recreation programs offered by Henrico County Recreation & Parks during the past 24 months?

- ◯ Yes
- ◯ No

14. How would you rate the overall quality of the programs that you and members of your household have participated in?

- ◯ Excellent
- ◯ Good
- ◯ Fair
- ◯ Poor

15. Please check all the reasons that prevent you or other members of your household from using parks, recreation facilities, or programs of Henrico County Recreation & Parks more often.

- [ ] Facilities are not well maintained
- [ ] Program or facility is not offered
- [ ] Facilities lack the right equipment
- [ ] Security is insufficient
- [ ] Lack of quality programs
- [ ] Too far from our residence
- [ ] Class is full
- [ ] Fees are too high
- [ ] Program times are not convenient
- [ ] Use facilities in neighboring communities
- [ ] Poor customer service by staff
- [ ] I do not know locations of facilities
- [ ] We are too busy
- [ ] We are not interested

- [ ] I do not know what is being offered
- [ ] Facility operating hours are not convenient
- [ ] Registration for programs is difficult
- [ ] Too hard to find parking
- [ ] Use services of other agencies
- [ ] Insufficient mobility access
- [ ] Other:

16. How would you prefer to learn about Recreation and Parks opportunities?

- ◯ Email
- ◯ Website
- ◯ Flyers/Posters
- ◯ Social media
- ◯ Mobile App
- ◯ Text Messaging
- ◯ Direct mail newsletter/postcard

17. Please rate your satisfaction on a scale of 5 to 1, where 5 means "Very Satisfied" and 1 means "Very Dissatisfied," with the overall value your household receives from Henrico County Recreation & Parks.

- ◯ Very Satisfied
- ◯ Satisfied
- ◯ Neutral
- ◯ Dissatisfied
- ◯ Very Dissatisfied
- ◯ Don't Know

18. Compared to other priority services in Henrico County (i.e. police, streets, code enforcement, etc.) how important do you feel it is to fund improvements to the parks and recreation system

- ◯ More important
- ◯ Equally important
- ◯ Not sure
- ◯ Less important

← Back Next →

19. Do you or other members of your household have a physical, sensory, or mental disability?

- ◯ Yes
- ◯ No

20. How would you rate the accessibility of Henrico County parks and facilities?

- ◯ Excellent
- ◯ Good
- ◯ Fair
- ◯ Poor

21. How well do Henrico County Recreation & Parks programs and events accommodate the needs for people with disabilities?

- ◯ Excellent
- ◯ Good
- ◯ Fair
- ◯ Poor

← Back Next →

22. Please select all of your reasons for using trails in Henrico County.

- [ ] Exercise
- [ ] Experience nature
- [ ] Commute to/from work
- [ ] Alternative transportation (other than commuting)
- [ ] Recreation
- [ ] I do not use trails

23. Please indicate your preference for the type of trail you would use most often in Henrico County.

- ◯ Wide, paved shared use paths (easy for walking and biking)
- ◯ Gravel paths (limits mud)
- ◯ Unpaved natural trails (maintains natural environment)
- ◯ A mixture of trail types (provides options and choices)

24. Please indicate your preference for the trail difficulty you would use most often in Henrico County.

- ◯ Challenging terrain with hills
- ◯ Moderate challenges with fewer and smaller hills
- ◯ Flat paths that allow for easy walking and biking
- ◯ A mixture of difficulties (provides options and choices)

25. What types of trails/pathways should have the highest priority in Henrico County? Please select your top 2 choices.

- ☐ Trails that link neighborhoods with schools
- ☐ Trails that link neighborhoods with parks
- ☐ Trails that link neighborhoods with community destinations (shopping areas, civic sites)
- ☐ Trails that link neighborhoods with places of employment
- ☐ Trails that link with other trails
- ☐ Trails that extend long distances (5+ miles)

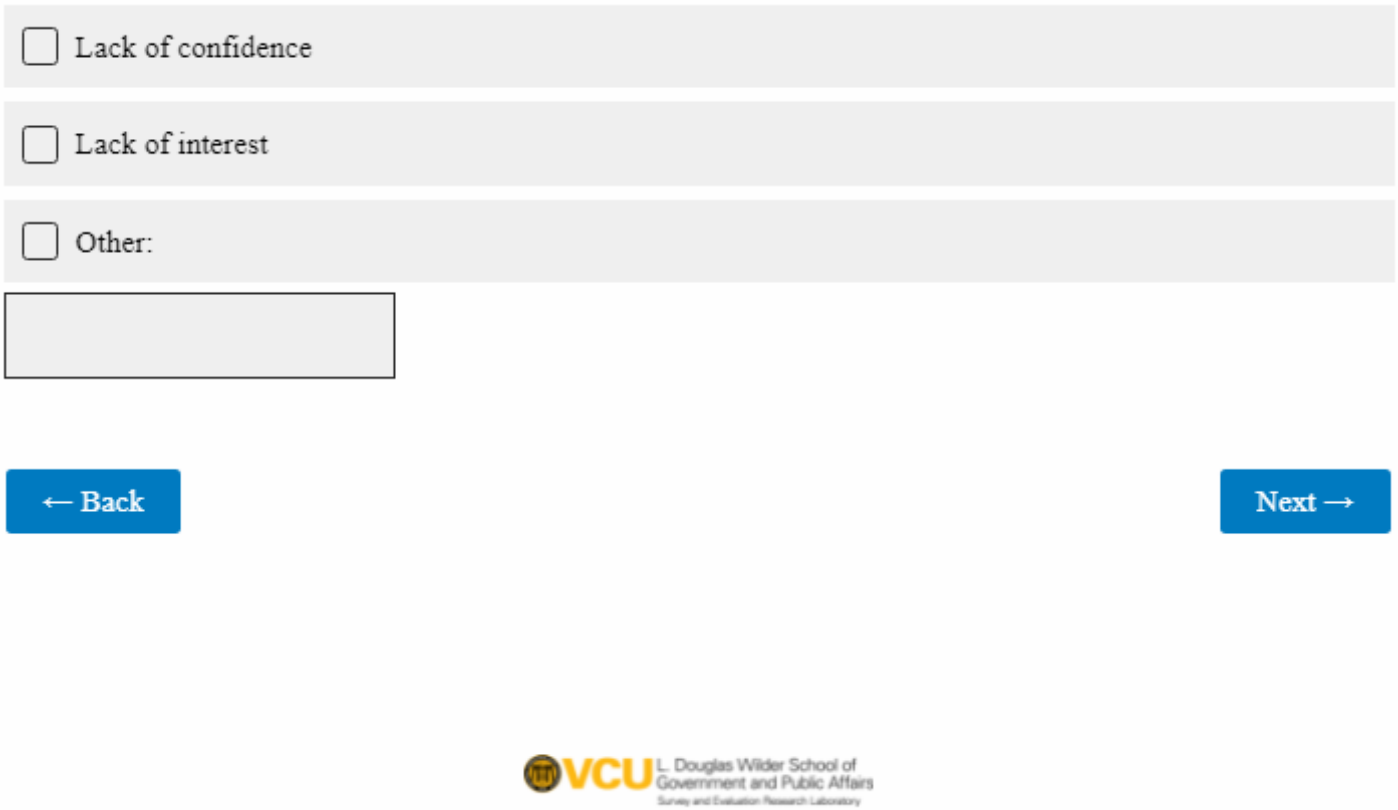
26. Do you ride bicycles in Henrico County?

- ◯ Yes
- ◯ No

← Back Next →

27a. Do you perceive the following as obstacles to riding a bike more often?

- [ ] Safety and security
- [ ] Unsure of routes or places to ride
- [ ] Bad driver behavior
- [ ] No access to a bike
- [ ] Health issues
- [ ] Lack of time
- [ ] Lack of bike connections to my house
- [ ] Lack of bike connections to my destination
- [ ] The weather
- [ ] Lack of bike trails
- [ ] Lack of bike lanes
- [ ] Unsafe roads
- [ ] Cost



Note: Q27b was not asked if the participant did not answer or responded "No" to Q26 ("Do you ride bicycles in Henrico County?")

Note: In Q27b, only the items checked in Q27a were displayed and asked about.

HenricoNEXT

Appendix B: Methods

This page intentionally left blank.

Recreation and Parks survey methods

Overview

Clarion Associates of Chapel Hill, North Carolina (CA) contracted with the Survey and Evaluation Research Laboratory at Virginia Commonwealth University (SERL) to execute and summarize a sample survey conducted by internet of the residents of Henrico County, Virginia, regarding their opinions about recreation and parks issues ("Rec & Parks" survey). The questionnaire was constructed as a collaboration among staff at CA, SERL, Land Planning & Design Associates, Inc. of Charlottesville, Virginia (LPDA) and Henrico County government. The survey was funded by Henrico County through an agreement with CA. The results will be part of the information gathered in support of the county's update to its comprehensive plan.

SERL is grateful for the respondents who took the time to provide their opinions in the survey.

Data collection strategy

The survey data collection was conducted only by internet as a way to contain costs. Respondents were recruited in two ways:

1. All respondents who completed a separate comprehensive plan Residents Survey by web were referred over to the Rec & Parks Survey and asked if they would like to do one more survey for the county. Contact with these potential respondents was by first-class postal mail to a slightly disproportionate stratified random sample[10] of residential mailing addresses drawn for the residents survey.

[10] Stratified sampling gives more control over the representativeness of the sample. A stratified sample selects a separate part of the sample from each of several mutually exclusive subsets of the total list to be sampled. The list to be sampled is the sampling frame. Each mutually exclusive subset within the sampling frame is a stratum. Each stratum contains a proportion of the sampling frame. If the total sample is distributed across strata in the same proportions in which the strata are distributed across the frame, it is a proportional stratified sample. If the total sample is distributed across strata in different proportions than those in which the strata are distributed across the frame, it is a disproportionate stratified sample. For example. suppose a sampling frame contains three strata, A, B and C. Stratum A contains 40% of the elements in the sampling frame, stratum B contains 50% and stratum C contains 10%. If 40% of the total sample is taken from stratum A, 50% from stratum B and 10% from stratum C, that would be a proportional stratified sample (and the chances of selecting any element within each stratum would be identical to one another across the strata, and identical to the calculation of the total sample size divided by the sampling frame size). Suppose, however, that using only 10% of the total sample to represent stratum C would not yield enough cases to represent stratum C accurately. Perhaps the researchers would decide to use 33.3% of the total sample in each of the three strata. That would be a disproportionate stratified sample (and the chances of selecting any element within each stratum would be different across the strata, and different from the calculation of the total sample size divided by the sampling frame size). The following table shows examples with a total sample of 750.

Stratum	Actual size	Proportion of total	Proportionate sample=750	Chance of selection within stratum	Disproportionate sample=750 split evenly 3 ways	Chance of selection within stratum
A	4,000	.40	300 (.4*750)	.075 (300/4,000)	250 (1/3*750)	.0625 (250/4,000)
B	5,000	.50	375 (.5*750)	.075 (375/5,000)	250 (1/3*750)	.050 (250/5,000)
C	1,000	.10	75 (.1*750)	.075 (75/1,000)	250 (1/3*750)	.25 (250/1,000)
Total	10,000	1.0	750	.075 (750/10,000)	750	.075 (750/10,000)

Residents received up to four invitations by mail if there was no record of a response. See the separate report about the Residents Survey for details.

2. A sample of 4,000 residential addresses in the county received letters recruiting them directly to the web-based Rec & Parks Survey. Contact with these potential respondents was by first-class postal mail to a slightly disproportionate stratified random sample of residential mailing addresses. Residents received up to three invitations by mail if there was no record of a response:
    - Advance letter with internet survey URL, login ID and PIN, QR code and text-back number to do the survey.
    - Reminder postcard with internet survey URL, login ID and PIN, QR code and text-back number.
    - Reminder letter with internet survey URL, login ID and PIN, QR code and text-back number.

The sample of 4,000 addresses for the Rec & Parks Survey was contacted in two subsampled groups, a "75%" subsample of 3,000 and, later, a "25%" subsample of 1,000.

Mailing materials were created by staff collaborating at CA, SERL, LPDA and Henrico County. All materials were printed and posted by Taylored Printing of Yorktown, Virginia, and mailed with Richmond postmarks. In September, SERL experienced an administrative delay in getting funds released to cover upcoming postage charges, and the mailing schedule was disrupted by about three weeks. The web version of the survey was set up and managed by SERL in Qualtrics, a widely used and robust web survey package. Table 20 shows the mailing information.

Table 20: Rec & Parks Survey mailings

Contact	Number	Date
1a. Advance Letters – 75% sample	3,000	10/7/2021
2a. Postcard reminders – 75% sample	2,615	11/18/2021
3a. Reminder letter – 75% sample	2,587	11/24/2021
1b. Advance Letters – 25% sample	1,000	11/23/2021
2b. Postcard reminders – 25% sample	899	12/14/2021
3b. Reminder letter – 25% sample	872	12/27/2021

Sampling

The sample from which the previous respondents to the Residents Survey were referred to the Rec & Parks Survey was a probability-based disproportionate stratified sample of residential mailing addresses in the county, randomly selected by the county's geographic information systems (GIS) team with guidance from SERL. The sample was designed to represent the views of residents in the five magisterial districts of Henrico County: Brookland, Fairfield, Three Chopt, Tuckahoe and Varina. The geographical definitions of the magisterial districts were the

ones in place from 2010 to 2021, prior to redistricting carried out using the 2020 U.S. Census data. See the separate Residents Survey report for details about that original sample. The sample of "fresh" respondents specifically recruited for only the Rec & Parks Survey was also a probability-based disproportionate stratified sample of residential mailing addresses in the county and the same sampling methodology was used.

Within each of the five magisterial districts, 800 residential mailing addresses were selected at random to receive a survey invitation for the Rec & Parks Survey. Because magisterial districts are drawn with approximately equal proportions for voting purposes, the sample was only slightly disproportionate. The county provided the sample to SERL with magisterial districts appended to the selected mailing addresses.

The Rec & Parks letter sample was enlarged to 3,000 from the original proposed size of 1,000 because SERL's proposal erroneously calculated that all Residents Survey responses – paper and web – would be invited to complete the Rec & Parks Survey. But only those who responded to the Residents Survey by web (51.5%) could be invited to complete the Rec & Parks Survey. Later, to maintain consistency regarding the agreed-upon sampling size, SERL agreed to submit surveys to the remaining 1,000 Rec & Parks "reserve sample" even though it would not be needed to reach the proposed number of 650 completed Rec & Parks surveys. Thus, the total number of Rec & Parks responses (778) comfortably exceeded the anticipated number of 650.

Recruitment and eligibility

For residents to be eligible to fill out the survey, they had to indicate in the first two survey questions that they were 18 years of age or older, and that they lived in Henrico County. (Those questions were skipped for referrals from completed Residents Surveys, as they must have been answered "Yes" already if people had been able to complete the Residents Survey, which had the same eligibility criteria.)

No gifts, incentives, drawings or other inducements to complete the survey were offered.

The study was reviewed and approved for content by CA, SERL, LPDA and Henrico County staff, and reviewed and approved for human subjects protections by the VCU Institutional Review Board.

Response and sampling error

Overall, 778 responses were received by January 11, 2022, when the web-based survey was closed. After accounting for 375 undeliverable addresses, the overall response rate for the survey was 18.4%. This response rate was calculated as 778 Rec & Parks completions / (3,625 deliverable Rec & Parks letter recruitment addresses + 595 Residents Survey respondents invited to also do the Rec & Parks Survey). This response rate is not unusually low or high.

The response rate among those recruited by letter was 13.7%, very close to the anticipated rate of 15%. The response rate among those who were referred to the Rec & Parks Survey after completing the Residents Survey was 47.4%, very close to the anticipated response rate among that group of 50%. The median time to complete the Rec & Parks Survey was 12.9 minutes.

The sampling error for questions answered by all 778 respondents and for which 50% of respondents selected one answer choice and 50% selected the other answer choice (a "50%-50% response distribution") is approximately +/- 4.7 percentage points at the 95% level of confidence. This means that if 100 surveys were conducted with samples of the same size yielding the same number of completed surveys, the results of this survey would be within +/- 4.7 percentage points of 95 of those 100 surveys. The sampling error calculations include the effect of weighting the data. See Table 21.

Table 21: Response and sampling error by magisterial district

	Brookland	Fairfield	Three Chopt	Tuckahoe	Varina	Total
Sampled (Rec & Parks letters)	800	800	800	800	800	4,000
Undeliverable (Rec & Parks letters)	70	96	61	42	106	375
% undeliverable	8.8%	12.0%	7.6%	5.3%	13.3%	9.4%
Eligible (Rec & Parks letters)	730	704	739	758	694	3,625
Completed Rec & Parks Survey from Rec & Parks letters	104	72	121	113	86	496
% completing Rec & Parks Survey from Rec & Parks letters	14.2%	10.2%	16.4%	14.9%	12.4%	13.7%
Number completing Residents Survey by web	138	71	158	155	73	595
Completed Rec & Parks Survey by referral from Residents web survey	65	31	75	81	30	282
% completing Rec & Parks Survey from referral from Residents web survey	26.0%	18.8%	28.0%	27.8%	17.2%	24.6%
Total completed (from letters + from Residents Survey)	169	103	196	194	116	778
Response rate Total completing Rec & Parks Survey / (eligible Rec & Parks letters + completed Residents Surveys by web)	19.5%	13.3%	21.9%	21.2%	15.1%	18.4%
Sampling error +/-	10.8%	12.1%	9.1%	9.4%	10.7%	4.7%
Adult population	53,219	49,160	56,646	51,107	48,804	258,936

Sampling errors are larger for subgroups such as magisterial districts, or for questions not answered by all respondents. Sampling errors are smaller for questions with "lopsided" response distributions such as 80%-20% or 90%-10%.

Sampling error is only one source of errors in surveys. Although every effort was made to eliminate data processing errors as well as more subtle issues – for example, those related to the

wording or order of questions and/or answer categories – many errors in surveys are difficult or impossible to detect. Readers should keep in mind the limitations inherent in survey research.

Weighting the data

To ensure proportional representation of adults in the county, the survey data file was weighted by three variables:

1. Magisterial district (Brookland, Fairfield, Three Chopt, Tuckahoe, Varina)
2. Racial/ethnic classifications (Asian, Black/African-American, Hispanic/Latino, White, Missing/Refused, All others)
3. Age groups (18-34, 35-44, 45-54, 55-64, 65+)

The criterion data for the magisterial district totals and race/ethnicity by magisterial district were taken from the 2020 U.S. Census redistricting files as reported in the county manager's letter to the Board of Supervisors dated August 17, 2021.[11]

The criterion data for age groups by magisterial district were taken from 2019 American Community Survey 5-year Estimates Data Profiles, Table DP05.[12]

The weighting was carried out using a procedure known as iterative proportional fitting, or "raking." The data were first compared to the criterion race/ethnicity data and weighted to fit the criterion values. Those weights were applied and the weighted data were then compared to the criterion age group data and re-weighted to fit those criterion values. During each step of the process, values greater than 3 for the new weights were recoded to 3 and a small adjustment was applied to ensure that the new truncated weights summed to 778 (the unweighted number of cases in the survey dataset). This process was repeated a total of 10 times, and the weighted values drew closer to each set of criterion data. Because of the relatively small size of the dataset, the relatively large number of cells in which the weights had to operate, and some interrelationships among the weighting variables, it was not possible to converge exactly to the two sets of criterion data, but the weighted data are a much better representation of these three key demographic variables than are the unweighted data. See Table 22.

Procedures to ensure data quality

All completed and partially completed surveys were reviewed for data quality. Three machine-generated global checks were made, and cases that that failed one or more of these checks were flagged as "suspicious:"

1. Less than 5 minutes taken to complete the survey (applied only to cases completed by respondents on the web)
2. More than two straightlined responses (selecting the same response for all questions in a grid or table)
3. Fewer than 30 valid responses to all items combined

A fourth check was also made. SERL staff manually reviewed all open-ended responses and redacted profanity and content that could individually identify people. During this process, reviewers could flag any cases with "gibberish" responses that would indicate insincere participation or possible "bot" participation. No gibberish cases were identified.

Fifty-nine suspicious cases were reviewed manually to determine whether they should be included in the final dataset or excluded due to data quality issues. Seven were excluded.

In addition, nine partially completed surveys were deemed to be complete enough to include in the final dataset.

Known errors

The Qualtrics web survey checked the login ID and PIN against the sample list to validate the respondent before they could start the survey. Unexpectedly, however, Qualtrics did not prevent 10 respondents from filling out the survey a second time by web. These 10 duplicate cases were excluded from the analysis.

As seen in Appendix A, the Boardwalk facility appears in Question 4 ("From the following list, please check ALL the parks, trails, athletic complexes or recreation facilities in Henrico County you or members of your household have used or visited over the past 24 months.") and Question 8 ("Please indicate if you or any member of your household has a need for each of the parks and recreational facilities listed below…"). However, Boardwalk was inadvertently omitted from the list presented in Question 9 ("Which FOUR of the facilities below are MOST important to your household?").

A skip instruction for Question 1 ("Have you or members of your household visited any Henrico parks, recreation centers, facilities or athletic fields during the past 24 months?") was not inserted in the Qualtrics survey. Respondents who did not explicitly indicate in Question 1 that they had visited any Henrico parks, recreation centers, facilities or athletic fields during the past 24 months were supposed to skip to Question 7, but they were presented with Questions 2 through 6. This oversight affected 9.2% of all respondents, although almost all of them left Question 2 through Question 6 blank. Questions 2 through 6 were recoded in the dataset to be

blank as if they had been properly skipped by those who did not explicitly indicate in Question 1 that they had visited any Henrico parks, recreation centers, facilities or athletic fields during the past 24 months.

A skip instruction for Question 13 ("Have you or other members of your household participated in any recreation programs offered by Henrico County Recreation & Parks during the past 24 months?") was not inserted in the Qualtrics survey. Respondents who did not explicitly indicate in Question 13 that they had participated in any recreation programs offered by Henrico County Recreation & Parks during the past 24 months were supposed to skip to Question 15, but they were presented with Question 14. This oversight affected 70.1% of all respondents. Question 14 was recoded in the dataset to be blank as if it had been properly skipped by those who did not explicitly indicate in Question 13 that they had participated in any recreation programs offered by Henrico County Recreation & Parks during the past 24 months.

A skip instruction for Question 19 ("Do you or other members of your household have a physical, sensory, or mental disability?") was not inserted in the Qualtrics survey. Respondents who answered "No" to Question 19 should have been skipped to Question 22. This oversight affected 85.6% of all respondents; 91.1% went on to answer Question 20 and 78.1% answered Question 21. For these respondents, Questions 20 and 21 were recoded in the dataset to be blank as if they had been properly skipped. However, this oversight allowed a comparison of opinions of those with and without disabled household members about the accessibility of Henrico County parks and facilities, and how well Henrico County Recreation and Parks programs and events accommodate those with disabilities. Perhaps not surprisingly, respondents without disabled household members gave higher ratings for accessibility and accommodation.

In Question 8c ("If you have a need, who runs the place that you or members of your household rely on MOST for this facility?"), a category labeled "Public" was re-labeled "Henrico Co. public park or school," but the category labeled "Public" was not removed from the answer choices. Therefore, the answer choices included both categories. Answers in these two categories were combined and labeled "Henrico Co. public park or school" in this report.

The Rec & Parks Survey advance letters to the 75% subsample (3,000 cases) was sent under the name of Mr. Edwin C. Luther IV, Director of Recreation and Parks for Henrico County, but the signature file that was applied to those letters was the same one from the Residents Survey letters, for Mr. R. Joseph Emerson, Jr., Director of Planning for Henrico County. There was no signature graphic used for the Rec & Parks postcard reminders, and this error was corrected for the advance letters to the 25% subsample and all reminder letters.

This page intentionally left blank.

Appendix C: Data tables

This appendix contains detailed data tables for use by readers. These tables do not include open-ended (verbatim) responses (Q28). Those responses are found in Appendix D. There are eight large data tables in this appendix. Four tables show counts and percentages of survey responses. Four additional tables show means (averages) for questions where the answer choices were treated as numerical scales. Each set of tables is broken out by the following five demographic variables to facilitate comparisons:

1. By **magisterial district** (Brookland, Fairfield, Three Chopt, Tuckahoe and Varina), using the geographic boundaries that were in place mid-2021 before redistricting was completed in late 2021.
2. By **age** in five categories (18-34, 35-44, 45-54, 55-64, and 65 or older).
3. By **presence of children under 18 years of age in the household** (Yes/No).
4. By **race/ethnicity** in six categories (no data/refused, white alone, Black/African-American alone, Hispanic/Latino, Asian alone, and all others).

The percentage data tables show two statistics for the responses to survey questions: unweighted counts of the number of respondents who gave a particular response (labeled "uN"), and weighted column percentages (labeled "Col w%") that allow comparisons across subgroups of respondents. The answer choices "don't know" and "prefer not to answer" are not included in the percentage data tables, or the percentage calculations.

The means tables show two statistics for the responses to survey questions: unweighted counts of the number of respondents who gave a valid response (labeled "uN"), and weighted means (labeled "wMean"). Note that questions Q1-Q5, Q8a, Q8c, Q9, Q10a, Q11, Q12, Q13, Q15, Q16, Q19, Q22-Q27a, and Q29-Q42 are excluded from the means tables because means for those questions would not be meaningful.

Unweighted counts, rather than weighted counts, are shown so that readers can make a judgment as to the stability of the weighted statistics – smaller numbers of unweighted responses to questions provide less reliable statistics. At least 25 to 30 unweighted responses to questions should be present in a table cell for the cell statistics based on that number to be considered useful, and some analysts would prefer to see as many as 50 to 75 unweighted cases before using the survey data to characterize a particular question or subgroup. Weighted statistics, rather than unweighted statistics, are shown so that the reader can compare proportionally representative data wherever the unweighted count of responses indicates a sound basis for use. For ease of use and readability, the data tables do not include indications of statistically significant differences. That information was delivered separately in the Excel reference tables.

Appendix D: Open-ended responses

All open-ended (write-in or verbatim) responses are presented in Appendix D. Profanity and mentions of specific individuals were redacted for this report. Reviewing the open-ended responses is a very good way to get the full flavor of the opinions offered by the respondents. Appendix D contains the verbatim responses for one survey question. With each response, abbreviated codes for two demographic variables are included for context: magisterial district and race/ethnicity.

See the list of questions and list of abbreviation codes on page D-3 before reviewing the open-ended responses.

This page intentionally left blank.

Henrico County Parks & Recreation Redacted Open-End Responses

Responses from Brookland Magisterial District

Q28: Please share any additional comments that could assist Henrico County in improving parks, trails, open space, and recreational facilities and services.

Q#	MD	R/E	Response
Q28	BR	AS	Improvement for pedestrians, sidewalks.
Q28	BR	MP	I very much enjoy taking my child to the parks for recreation and play. I am sometimes disappointed by the trash that is left by other users of the parks. Apart from having people act responsibly and clean up after themselves, a little more attention from the county for maintenance of current facilities would be nice. I have only been concerned for safety once while using the parks (Short Pump Splash Park) as there is a homeless gentleman who frequents the area and oftentimes naps on the benches near where the children are playing. The existing public splash parks have been a godsend during the summer and provide great fun for my child. I wish the repair work on Echo Lake's trails could be expedited.
Q28	BR	MP	I wish there were better access to fishing somewhere in the west end. Currently I take my son to Echo Lake, but I'd like more options.
Q28	BR	MP	Just prioritize getting families outside and enjoying SPORTS, EXERCISE, and NATURE! Also I think there's a need to prioritize getting people outside more often in the Fall, Winter and Spring despite inclement weather.
Q28	BR	MP	would be good to have a safe and relatively open view of the night sky to view events such as meteor showers.
Q28	BR	OT	Henrico County Parks and Recreation is hereby charged with the following infractions: 1. Access Restrictions: Closing the softball fields and athletic complexes due to "moisture" while other fields such as RF&P Park remain open, as well as neighboring county softball parks such as Pole Green and Chesterfield's Iron Bridge softball Parks. 2. Henrico County Parks and Rec gives away reservations of the softball field athletic complexes to out-of-county players and teams, i.e. traveling teams. 3. Lack of field maintenance; after heavy rains, there is no grounds keeping for several days to weeks at a time. Maintenance is only conducted under pristine, dry conditions, cancelling, delaying or keeping the fields closed to residents. 4. Neglecting the cleaning of the restrooms at the softball athletic fields. 5. The presence of a "Hall Monitor" Henrico Employee at each Glen Allen Softball field games. This Henrico County Parks and Rec employee relays harmless "taddle-tail" information in an effort to patronize and penalize players and local teams who enjoy using the softball athletic fields.

Q28: Please share any additional comments that could assist Henrico County in improving parks, trails, open space, and recreational facilities and services.

Q#	MD	R/E	Response
Q28	BR	OT	I would love more biking trails that aren't just for mountain biking. More paved park biking only trails that are longer that 3 miles.
Q28	BR	WT	Agressive drivers are the number one concern of bicyclists. Improving drivers awareness and knowledge of bicyclists is extremely important.
Q28	BR	WT	Bathrooms at some parks are inoperable.
Q28	BR	WT	Be creative!
Q28	BR	WT	Due to COVID, use of the County's facilities were limited and made answering some of the questions difficult. So, I've provided the answers of the programs and facilities I would have wanted to use.
Q28	BR	WT	Great parks, clean restrooms. Mostly walk Crump Farm or Echo Lake. So much better than city parks. Enforcement of leashes for dogs is very important.
Q28	BR	WT	Having a bike path or a sidewalk on mountain road would be amazing. It would provide safe access to schools, park, and the library. It would lessen traffic and provide a more health lifestyle while building community.
Q28	BR	WT	Henrico County, you're doing a great job!
Q28	BR	WT	Henrico is very aware of the needs of its citizens, and while parks & recreation are important, police and public safety are far more important.
Q28	BR	WT	historic areas are of interest with easy access to walk, city of Richmond has many, Henrico does not have many I am aware of
Q28	BR	WT	I am greatly in favor of any expansion of services by Henrico Rec and Parks. Henrico County needs more green space and more parks in general (also more sidewalks and bike lanes). I would love to see some type of greenway connecting the different parks across the county. For example, it would be wonderful to be able to ride a bike or walk from, say, Dorey Park all the way across the county to Deep Run Park and not worry about being hit by a car. Such a trail could also connect up with the Capital Trail or the future Fall Line Trail. I would happily pay more in taxes to live in a municipality that promotes greenways and shared-use paths for transportation, recreation, and environmental protection. Also, thank you for all that you do at Henrico Rec and Parks. My family uses the Henrico park system at least 5 times a week and we are grateful for the public space and facilities.
Q28	BR	WT	I don't feel safe riding a bicycle in Henrico County, unless it is on a trail inaccessible to vehicle traffic. Henrico needs a cycling trail network.
Q28	BR	WT	I have been very impressed with the quality of Henrico County parks and the variety of facilities throughout the county. However, I have felt that the county has done a poor job planning for pedestrian traffic through the county. Many neighborhoods are isolated from foot/bike travel outside of the neighborhood due to lack of sidewalks, crosswalks, multi-use paths, etc. I would welcome more access to foot/bike travel by safer access routes.
Q28	BR	WT	I have not additional comments at this time.

Q28: Please share any additional comments that could assist Henrico County in improving parks, trails, open space, and recreational facilities and services.

Q#	MD	R/E	Response
Q28	BR	WT	I have wanted to take tennis lessons through Henrico County Parks and Recreation but the classes seem to be scheduled every night for a week or two instead of one night a week for a certain number of weeks. It's really hard for me to commit to a class every night for a week or two, so it would be more convenient if the classes were once a week.
Q28	BR	WT	I wish paddle boarding was allowed in park lakes! I'd also like to see more youth sports options at Deep Run rec center. It seems like the fun stuff is always at the Eastern Henrico rec center. Participating in Park Mobile events this past summer was fun however I'm not a big Twitter user so we often missed events because we didn't know about them. A weekly or bimonthly Park Mobile email blast would be neat. Posting rules on the Deep Run pump track (if they haven't been already) would hopefully make it safer for riders and other park users. We stopped going because RC cars and children playing in the dirt hill sides were a huge safety risk for all. The Deep Run multipurpose field is great but it's often crowded. I wish there was one more field and perhaps a lighted track similar to the Eastern Henrico rec center. Bike lanes on Ridgefield from Deep Run Park to Tuckahoe Creek Park would be neat. Maybe make a loop that connects Ridgefield, Lauderdale and the John Rolfe Pkwy redesign. Or Ridgefield, Gayton and Gaskins. Or to the north include Pump, Lauderdale and that little stretch of Three Chopt. That would give bike and pedestrian access from Deep Run Park to Short Pump Park, the paved trails around Wellesley, West Broad Village, the mall and restaurants!
Q28	BR	WT	I would love a bike route around the Lewis ginter area and more small playgrounds. We love all the existing playgrounds but they are all so big and get so crowded.
Q28	BR	WT	I'd love to see sidewalks added to neighborhoods that already exist. New construction subdivisions shouldn't be the only ones getting sidewalks. In terms of playgrounds, Springfield Park is abysmal while Twin Hickory always gets updates. I wonder why that is.
Q28	BR	WT	Keep on doing what you're doing now. Wonderful!
Q28	BR	WT	Love the classes, just wish there were more! Appreciate all that is offered!
Q28	BR	WT	More events at Meadow/Crump Park
Q28	BR	WT	N/a
Q28	BR	WT	Na
Q28	BR	WT	Need more parks while there is still undeveloped areas available.
Q28	BR	WT	Need more sidewalks

Q28: Please share any additional comments that could assist Henrico County in improving parks, trails, open space, and recreational facilities and services.

Q#	MD	R/E	Response
Q28	BR	WT	Parks and other public spaces are essential for a healthy connected community. Providing access to these places for people without cars and people who value alternative transportation would be a great accomplishment.
Q28	BR	WT	Please put a separate wide paved bike trail in Glen Allen along side of Old Washington Highway that connects Williamsburg VA to Fredericksburg VA like the path that currently exists on Route 5 called the Va Capital Trail....there are way too many bicyclists on the road causing traffic back ups and accidents. Bicycles should only be on a separate bike path not on the highway just like Va Capital Trail.
Q28	BR	WT	Scrub and Tree maintains and upkeep to landscaping
Q28	BR	WT	Sidewalks
Q28	BR	WT	Standardize park hours by time - not by 'sunrise/sunset'
Q28	BR	WT	To integrate a network of paved multipurpose trails and protected bike lanes on major roads connecting places of work, shopping, parks, etc. would encourage and allow many more citizens to get outside, get active, explore their local area, reduce vehicle traffic & pollution, improve health & well-being, improve safety and value of the community. (see evidence in Capital trail, Petersburg to Ashland trail, etc.)
Q28	BR	WT	We are heavy users of neighborhood parks and splash pads. Our park and splash pad seem to be on the lower budget end than others in the county which is disappointing. Wish all were treated equal with equipment, shade/rain covers, etc
Q28	BR	WT	When I have used Henrico County rec services, I have used parks and trails, mostly for exercise. I do have concerns going alone as a woman, but would have that most anywhere. The times I have walked on trails, the experience has been terrific.
Q28	BR	WT	Where I live there are no curbs or sidewalks. I have to run for at least a mile on roads with no shoulder before I encounter a sidewalk or a curb. I live a mile from Broad street. And only 3-4 miles from the city. It is pretty embarrassing infrastructure. I am highly motivated and more than happy to donate/volunteer to improve the pedestrian infrastructure in my community.
Q28	BR	WT	With continued population growth in Henrico County there is increased need for nearby parks, trails, playgrounds, etc. so a greater number of Henrico families may have easier access to and enjoy such opportunities.
Q28	BR	WT	would like to ride bike but street biking is too dangerous, other communities have long distance trails for walking, biking .....
Q28	BR	WT	Would like to see more skateparks

Responses from Fairfield Magisterial District

Q28: Please share any additional comments that could assist Henrico County in improving parks, trails, open space, and recreational facilities and services.

Q#	MD	R/E	Response
Q28	FF	BL	Any location I visit, it is important that new and clean bathroom facilities are available. I enjoy using the park mostly to walk, exercise, take in nature, enjoy and release stress. When the kids are with me, the playground is essential. Clean, safe, inviting, beautiful parks are important and allows one to enjoy nature and all the features of the park.
Q28	FF	BL	I would like to see more bike paths and pedestrian walk paths. I frequently see people walking with unsafe conditions including no sidewalk and poor lighting. I see people riding bicycles but the road isn't safe for them. They often have to ride in the street because there isn't a side walk or bike path. Sometimes there are sidewalks but there a missing sections which force people to ride in the street. A study should be done to assess where foot traffic is happening and adding sidewalks to these areas. Driver behavior would
Q28	FF	BL	I would like to see more bike trails in Henrico County.
Q28	FF	BL	Love the Tai Chi class at Belmont Rec. Love the senior fitness program and the morning hours since I work at night.
Q28	FF	BL	Na
Q28	FF	BL	Overall the programming and facilities are wonderful. However, there is a need for more basketball courts.
Q28	FF	BL	Please update the grills for cooking at Three Lakes.
Q28	FF	BL	Recreational Center on 1440 N Laburnum Ave needs a Tennis Court!
Q28	FF	BL	Sport tourism is so important, continue to develop these type of facilities !!!!!!!
Q28	FF	MP	n/a
Q28	FF	MP	While it took some time, Henrico County has now provided good parks, trails, open space, and recreational facilities and services to most of it's neighborhoods. I hope that the County will continue to allot funds to maintain these facilities in good working order.
Q28	FF	MP	Would like to know more about indoor swimming pool at eastern henrico recreation center. Can never get anyone one phone
Q28	FF	OT	Bathroom facilities at some parks could be improved, particularly Bryan Park (no bathrooms, only porta potties). It would also be nice to have a splash park facility on the east or north side. The only one I know of is all the way in Short Pump.
Q28	FF	WT	Having public restrooms available at parks, recreation facilities, and along long trails is a huge boon to improving usability and accessibility for those with limitations. Improving trail connections across the highest risk highways and roads helps alleviate the isolation imposed by suburbia.

Q28: Please share any additional comments that could assist Henrico County in improving parks, trails, open space, and recreational facilities and services.

Q#	MD	R/E	Response
Q28	FF	WT	I tried to go to the South of the James farmers market last summer and couldn't get to it because I couldn't walk up the hill. I don't have a handicapped sticker but can't walk far. Mobility is becoming a big issue for me.
Q28	FF	WT	I would enjoy more outdoor programs for all ages - kayaking, walks, biking.
Q28	FF	WT	I'd like to see more safe access for walking and biking. Also, equity in determining updates for access- the road leading to Jack Bourne Park has speed humps which slows cars down to increase safety to the residents. The road leading to Lakeside Youth Baseball Park does not and cars fly dangerously down the road regularly. There aren't sidewalks or bike lanes to make it safe for walking or riding bikes, especially when the park is in use.
Q28	FF	WT	I've been happy with all programs have participated in with Henrico County. Lots of programs are very popular and fill up fast.
Q28	FF	WT	Lag of side walks and unsafe street crossings, prevents one even from the closest opportunities. GRTC is helpful but a time consuming undertaking.
Q28	FF	WT	Let me say this about the survey I am competing. Why isn't the option of N/A an answer for some of these questions. You have several questions that ask if we are special needs or something that we answer no to yet the next question will ask how does the county do with helping with that special need. I have to pick an answer yet I do not need the service they are asking me to rate. I think this is going to mess your survey answers up. People might pick the poor answer only because they don't know any better. All surveys regardless of who needs them completed should always have the option N/A as an answer so it doesn't give you the wrong perception of what the county is trying to do. I know the county is doing a better job updating the East end but the North side is neglected. We have a tremendous need for a dog park like the one on Pump road. Some of these nice facilities are just too far of a commute. With gas prices climbing I feel you will see less use of our beautiful parks and recreation centers in the county due to the distance they are from homes and neighborhoods.
Q28	FF	WT	Maybe Security cameras
Q28	FF	WT	One of the biggest obstacles to my enjoyment of public spaces in Henrico is off leash dogs. My dog is reactive and can no longer go to parks with me because of the number of unattended off leash dogs that approach us. There doesn't seem to be any oversight in this area.

Q28: Please share any additional comments that could assist Henrico County in improving parks, trails, open space, and recreational facilities and services.

Q#	MD	R/E	Response
Q28	FF	WT	One of the greatest needs of high school athletes in Henrico County and the Greater Richmond area is the construction of a 200M indoor track for competitions. HCPS schools need to travel to VA beach, Roanoke, VMI or further for a quality indoor track meet. St. Chris has a quality track but opportunity for public schools to compete is limited. It would be a missed opportunity not to include a high level indoor track as a phase two to the current Convocation and athletic center at VCC. Additionally Richmond would be a prime location to host youth ice hockey events if Henrico County were to jump on like Chesterfield jsu announced and build 1/2 NHL sheets of ice. Hockey is a growing community in the area and Skate Nation was ahead of its time with two sheets, but the area could now support. With the possibility of a professional hockey team coming in with Solar City, the VCC site would serve as a prime location for that teams training center as well as additional community use.
Q28	FF	WT	Safe and separate bike facilities would enable me to use my bike for commuting, errands, and recreation. Right now, utilizing roads is unsafe. Commuting from my home to work (both in Henrico) would literally be putting my life at risk, especially during the winter when it is dusk/dark by 5pm. Separate trail facilities that connect neighborhood hubs to employment centers though out the county would be a game changer.
Q28	FF	WT	Site maps that indicate where accessible facilities are located on the property - one nearest us is Meadow Farm but I am sure other sites would benefit as well.
Q28	FF	WT	The track at J. Sargent Reynolds Park is in bad shape and drains poorly.
Q28	FF	WT	We need sidewalks in our neighborhoods!!!

Responses from Three Chopt Magisterial District

Q28: Please share any additional comments that could assist Henrico County in improving parks, trails, open space, and recreational facilities and services.			
Q#	**MD**	**R/E**	**Response**
Q28	TC	AS	I think some parks need little more maintenance. Paid or membership services for indoor swimming pools and other indoor facilities may be a good option
Q28	TC	AS	None
Q28	TC	AS	Please concentrate on indoor gym/ swimming pool etc as well.
Q28	TC	AS	Please set aside more land for parks and trails. The West End has become overdeveloped, and we would greatly appreciate more options to be out in nature.
Q28	TC	AS	SEPARATE protected bike lanes and sidewalks for pedestrians.
Q28	TC	AS	There are no Tennis courts in our area other than the ones offered at the public schools. I would like a large indoor tennis court. Henrico county used to offer a tennis coaching camp in summer, which did not see this year. Did something change?
Q28	TC	AS	We certainly need more bike lanes and bike trails in the county. The roads are unsafe for bikers and especially small children.
Q28	TC	BL	Continue to do what is being done in Our County, and continue to solicit Residents' input via convenient and easy to access surveys* "Shorter Surveys)*
Q28	TC	HL	Love the parks in Henrico County. Would love to see more dedicated bike trails to avoid biking on the street. People just drive too fast and run red lights for me to consider using the street for riding my bike.
Q28	TC	HL	None
Q28	TC	HL	Please, create bike lanes for kids to go to school on a more sustainable way, specially Middle School and High School
Q28	TC	MP	Advertise the available recreation programs better so that they could get more exposure. Update worn walkways and playground equipment. Have more free special events in parks. Add restrooms to parks which do not have them.
Q28	TC	MP	Earlier in the survey, I mentioned leaving a field or so available at Glover Park on weeknights so that those not affiliated with groups that can reserve the fields have access to one (say for pickup games, etc.). During the winter when it's dark during the evening hours, it would be great to have a time when the lights could be left on (without a reservation) for public use to give an outdoor exercise option.
Q28	TC	MP	For me personally the parks are a bit overdeveloped
Q28	TC	MP	Henrico county does a pretty good job..One suggestion: I don't have a bike,perhaps a share a bike program?
Q28	TC	MP	more activities for senior citizens
Q28	TC	MP	More recreational activities for kids in public libraries would be great!!

Q28: Please share any additional comments that could assist Henrico County in improving parks, trails, open space, and recreational facilities and services.

Q#	MD	R/E	Response
Q28	TC	MP	More sidewalks or paths needed on Church road between Three Chopt and John Ralph to connect neighborhoods, parks, schools, and restaurants
Q28	TC	MP	Need more planning on designs when expanding development
Q28	TC	MP	Overall it is doing an excellent job with some good opportunities for an improvement.
Q28	TC	MP	Provide longer bike lanes without sacrificing road space. Enforce the speed laws. Provide access across busy roads, like West Broad Street.
Q28	TC	MP	Seems so many thing are centered in East End, not convenient for me. Better quality programming. Would LOVE an indoor walking track. More things for seniors! Also, please initiate some bus trips, either to local attractions or further away like Charlottesville, Virginia Beach, the many attractions that are a day trip.
Q28	TC	MP	We live near deep run park and walk there several times per week. Please retain the paved and unpaved trails through the woods at deep run park. We would like to have access to other County parks with similar wooded trails for exercise and nature, especially at distances of 1-4 miles.
Q28	TC	OT	I don't think car parking should be allowed on bicycles lanes - forces bikers & walkers into traffic lanes. See city of Richmond layouts (much better).
Q28	TC	OT	Important thing is pedestrain paths and bike paths
Q28	TC	OT	Nothing more to add
Q28	TC	WT	As a parent with an adult with autism - need park playground equipment for adults with ID & DD for sensory integration, a fun way to stay in shape, crawling, climbing, adult swings, exploring textures - a playhouse for adults!
Q28	TC	WT	Bike trails such as the Capital Trail negate bad driver behavior. We need a Capital Trail in the Far West End.
Q28	TC	WT	Continue programs like The Tuckahoe Wetlands Park, i to dive similar facilities across the county.
Q28	TC	WT	Create a bike trail of around 10 miles that would be free from cars.
Q28	TC	WT	Creating hiking trails or advertising that they exist
Q28	TC	WT	Disc Golf in the far west end would be great. Monthly newsletter emailed about upcoming events and classes would help.
Q28	TC	WT	Doing a great job
Q28	TC	WT	Don't use the facilities so it is difficult to ccmment
Q28	TC	WT	I have no idea what is available.
Q28	TC	WT	I am not impressed with the bike lanes going up all over short pump. They stop and start sporadically. They have cars parked in them. I have the feeling someone painted lines on the road so they could say Henrico had ___ many miles of bike lanes. Unfortunately most are just not safe.
Q28	TC	WT	I believe that there is a big opportunity to develop access trails or boardwalks to the Tuckahoe swamp in western Henrico. Wouldn't it be great to connect Short Pump with that natural area and allow bikers a long distance trail across to county?

Q28: Please share any additional comments that could assist Henrico County in improving parks, trails, open space, and recreational facilities and services.

Q#	MD	R/E	Response
Q28	TC	WT	I feel the older neighborhoods of henrico could use more access and trails to parks. The capital trail is amazing and would love to see more of that type of project available to the near west end.
Q28	TC	WT	I love Henrico County Parks and use them daily. I love getting exercise on trails in Nature. I wish there were seperate lanes for bikes & walkers/runners because many cyclists don't indicate they are approaching from behind. Some parks lack restroom or clean restroom facilitities. Some of the parks w/ longer trails are a safety concern when I am alone. Overall I am delighted to have a large number of public parks.
Q28	TC	WT	I love walking and would enjoy a flat paved trail. I am not comfortable going to a park by myself, especially if the trail is very tree covered. However, I enjoy going with my family and grandchildren....safety in numbers. My extended family (not part of my household) love the parks for playgrounds, picnic areas, disk golf and just playing outside.
Q28	TC	WT	I make frequent use of the James River Park system because it is extensive, connected, offers variety, and is well maintained and visually interesting. I would like to see Henrico commit to a comprehensive county-wide system of trails and safe bike infrastructure that connects to key community destinations to encourage alternative transportation use.
Q28	TC	WT	I think that would be great if we can have a clean small playground in neighborhoods with more amenities such as swings and walking trails.
Q28	TC	WT	I used to bike to work every day in fair weather: first I rode down a long, narrow road which meant I had to pull off if two cars were approaching, then I had to cross Broad Street which meant I had to wait for cars to change the lights for me, and then I had to leave work before it got dark because there were no lights at all on my route. Now I work too far away to bike, but I would still consider it if there were safe trails I could take (there are not). DC traffic is a nightmare, and I don't want to live anywhere near there -- but at least biking and walking are options in the suburbs.
Q28	TC	WT	I worry about bicycles on the roads and people who walk or run on the road. I live across the street from a school and it is dangerous to cross. No one could safely cross Pouncey Tract.
Q28	TC	WT	I would like more water access to the lakes rivers and creeks around Henrico. Virginia is a beautiful area, much more beautiful than where I originally grew up in Delaware, and I'd like to be able to experience the beauty of it.
Q28	TC	WT	I would love more parks and ways to promote outdoor experiences.
Q28	TC	WT	I would love to see more turn fields in neighborhoods.
Q28	TC	WT	Increase # of parks and options to meet the increase in residential building
Q28	TC	WT	It would be nice if more restrooms were available for people. As well as tennis courts. But I feel that most of the trails are very well kept, even following storms.

Q28: Please share any additional comments that could assist Henrico County in improving parks, trails, open space, and recreational facilities and services.

Q#	MD	R/E	Response
Q28	TC	WT	More activities for seniors in the far west part of the county. They all seem to be in the east end of the county.
Q28	TC	WT	More parks! More bike lanes and trails! More running trails! We moved down to Henrico from Arlington Co and were so disappointed to give up incredible access to parks, playgrounds, and prolific trails for biking and walking/jogging. We use all the parks and trails we can find but feel limited by the number of parks and facilities we have been able to locate/access near us. We are especially troubled by how inhospitable Henrico roads are to both pedestrians and bicycles with almost no bike lanes and huge swaths of the county without even sidewalks for walking or jogging. (I'm sure this in particular is not only P&R dept's responsibility, but is directly related to our recreation in the county.) We support increased funding toward Parks & Recreation in our beautiful county!
Q28	TC	WT	More pickleball courts are needed! Love the Pouncey Tract site, but more are needed. Also, western Henrico has a big Indian population. Is it possible to create their own playing surface so they are not ruining baseball diamonds. Ruin is not the right word, but the way cricket is played on the baseball field leaves worn areas in the infield and outfield.
Q28	TC	WT	My main comment is that I wish you would stop using so many chemicals to preserve the "green grass" at local parks. Our children and pets are being exposed to carcinogenic substances (not to mention the health of your workers!). Green space is allowed to have weeds. I wish you would post a "spraying" schedule so we could avoid parks on those days and days surrounding it. It's undoing all of the good healthy things that being outside can do.
Q28	TC	WT	My wife and I are senior citizens, so our recreational needs are not very great personally. However, the quality of life for all residents is dependent to some extent on the quality of recreational availability.
Q28	TC	WT	Need more large parks with lots of multi-recreational trails.
Q28	TC	WT	noise management. As a resident of the Innsbrook area, noise has been a problem - mostly from private events at the office parks
Q28	TC	WT	Our biggest concern at the moment is the number of car break ins at Deep Run Park.
Q28	TC	WT	Pedestrian crossings demarcated going across Broad street would be great. Trail maps of trail to trail would also be helpful. We are new to the area and in discovery mode, so dont take all my answers too critically. Thanks.
Q28	TC	WT	Pickleball has been growing enormously. I play most of the time at Pouncey tract and sometimes at the deep run recreation center. The demand for good pickleball courts is very high and growing. On Saturdays and Sundays at Pouncey tract a lot of time has to be spent waiting for a court. We could use another major pickleball complex in the West end of Henrico county.
Q28	TC	WT	Please keep more natural, green space, with trees.

Q28: Please share any additional comments that could assist Henrico County in improving parks, trails, open space, and recreational facilities and services.

Q#	MD	R/E	Response
Q28	TC	WT	Safe areas for recreation needs of people of all ages and capabilities must be actively supported. While there are many competing budget priorities we need to protect a reasonable allocation to maintain what we have and provide resources for tomorrows needs.
Q28	TC	WT	Security and surveillance would minimize vandalism and ease maintenance. But there is very much left to do to make the parks more hygienic, accident free and welcoming.
Q28	TC	WT	Some of the trails, could use maintenance to deal with trees that are leaning over unpaved trails (widowmakers) eg at Deep Run Park. Some paved or gravel trails have roots that make it more difficult to use a baby stroller or walker eg: Deep run, Cheswick, and Echo lake come to mind. Would like the county to purchase that land locked piece of property in Deep Run park that borders Cedarfield and is currently labeled with no trespassing signs so the perimeter trail can be complete again
Q28	TC	WT	The James and Chickahominy areas are a very enjoyable but a very under utilized asset and could be turned into mulitable resources (fishing, hiking,bird watching and natural studies). What a vast possibility awaits us.
Q28	TC	WT	The recent re-striping of roads (Church, etc) to one lane plus bicycle lane makes it harder to get to places on time - you are helping those very few bicyclists (I haven't seen a single bicyclist on Church Road) while thwarting the majority of people from getting from point A to point B.
Q28	TC	WT	The Short Pump dog park needs to get rid of the center stone/mulch structure. Dog constantly hurt themselves on it and eat mulch which is also terrible for them. Please, please, please get rid of it and replace with flat paved pavillion or something. Doesn't have to be the expensive turf. We could also use better lights for the Fall/Winter season when it gets super dark out at 5 when most people get off work. Also, for the love of god.... please restripe the Short Pump park parking lot.
Q28	TC	WT	Try to ensure that new developments are required to set aside reasonable corridors for new trails as they submit their plans for approval. Consider more trails to be built like the system in Eugene, Oregon including the Prefontaine Running Trail which also connects with other local trails.

Q28: Please share any additional comments that could assist Henrico County in improving parks, trails, open space, and recreational facilities and services.

Q#	MD	R/E	Response
Q28	TC	WT	We currently travel to Goochland and Pocahontas State Park to use their mountain bike trails. As this sport is becoming more popular with the pandemic, I would love to see medium-difficult range mountain bike trails that are WELL MARKED in Henrico. These would pair well with the new pump track at Deep Run which is so well used every week I visit. I truly feel people would (and do) travel from far outside Henrico to use these amenities. I would love to see another pump track course too, but am thankful for the one we just got. I would like the safety and car break-ins at Henrico Parks addressed. I walk around my small neighborhood instead of visiting my local park alone because of so many thefts in the middle of the day. People are always posting about it on social media. This has been going on for years! I would really like to feel safe while visiting county parks (more patrols, cameras, signage stating stiff penalties). I can't enjoy myself wondering if the thefts will escalate and begin stealing off people or harming individuals. It's been allowed to go on too long.
Q28	TC	WT	We love having parks and Recoration facilities close by. We are a very active family. We walk, hike, bike, play all sports. We are in our 40's and we need outdoor areas to do all this. Fresh air, exercise and nature is very important to everyone's health.
Q28	TC	WT	We'd love to see more programs offered for toddler and preschool ages, even those that require parent involvement. For example, we take full advantage of library story times and would really enjoy programs in our parks like that. We live in the same neighborhood as Cheswick park but it is not close enough to walk to. That playground is also frequently over crowded with a daycare bus that drops kids off. We have a green space at the end of our street (lots of young families here) that would be wonderful converted to a small neighborhood playground and picnic area. We live just off of Parham Road, close enough to be able to walk to Tuckahoe library, elementary schools, and grocery stores. But there is no sidewalk access and no safe way to cross the roadways. I would absolutely love to be able to walk to all those places with my children but it is not safe. I see adults walking to work and teenagers walking to and from Tucker HS daily, along Parham Rd by our house, and worry for their safety as they have to skim the side of the busy roadway with very little safe walking areas. Sidewalks or trails to enable safe walking would be wonderful. We used to go to Deep Run park often but rarely go there now. The large playground is almost always too crowded and there have been quite a few car break ins, even during normal daylight hours, that are worrisome.
Q28	TC	WT	We're from Virginia Beach which has great rec centers... Would be awesome if Henrico could do the same.

Q28: Please share any additional comments that could assist Henrico County in improving parks, trails, open space, and recreational facilities and services.

Q#	MD	R/E	Response
Q28	TC	WT	With all the multi family housing in short pump- Gayton Rd corridor especially- there is no large park for families to enjoy. I don't like seeing people walking/running along the road - it seems very unsafe. A park close by is needed and short pump park is just too small. Also- I have been to the nicest park - please look at it: Medina County, Ohio: Carolyn Ludwig Mugrage Park. It has everything and is beautifully landscaped.
Q28	TC	WT	Would like to see expansion of history programs considering the tremendous amount of history in Virginia and Henrico county in particular. Meadow farm used to have demonstrations (blacksmith, weaving or the like) but have not seen any such programs recently. Perhaps this is due to COVID or maybe I'm just not looking in the right areas for info.

Responses from Tuckahoe Magisterial District

Q28: Please share any additional comments that could assist Henrico County in improving parks, trails, open space, and recreational facilities and services.

Q#	MD	R/E	Response
Q28	TH	AS	Henrico has a lot of parks, but the information about them is really hard to navigate (as a UX/website designer, I especially think this) and searching for events is very obstructive. Every time I find out about a cool event and try to find more information, I immediately give up when I am faced with the event search.
Q28	TH	AS	N/A
Q28	TH	BL	Thank you for this survey. I am now more motivated to take advangage of the vaious programa and servicea...or at least investigate them!
Q28	TH	MP	Good-bye.
Q28	TH	MP	Henrico County has experienced tremendous population growth in the five years we've lived here. The density of growth is causing untold problems with traffic and safety.
Q28	TH	MP	I think Henrico parks and recreation does a good job on the services provided.
Q28	TH	MP	I would like to see more courses offered. I know Covid has reduced the number offered, but I will be happy when more courses can be offered again.
Q28	TH	MP	Improve safety at Deep Run Park. Keep hearing about break-ins of cars.
Q28	TH	MP	More land needs to be secured immediately before the availability in many areas is gone.
Q28	TH	MP	We need dogs park in other locations. Maybe one at deep run park. We also need more Pickeball courts
Q28	TH	MP	Would be nice to be able to serve alcohol at recreation centers for adult parties
Q28	TH	OT	Build a new skate park with advice from skaters
Q28	TH	OT	I SEE IMPROVEMENTS ALREADY BEING MADE WITH NEW SIDEWALKS & BIKE LANES. FREE TIRE AIR STATIONS WOULD BE NICE. DEEP RUN NEEDS A LIGHT AT THE EXIT WHEN LEAVING DUE TO RIDGEFIELD TRAFFIC.
Q28	TH	OT	It would help to make the parks more accessible by walking or biking but our roads are not pedestrian friendly so our concern is more about the public roads than the actual parks. It would be nice to have more sidewalks, crosswalks, and pedestrian accessibility to the parks.
Q28	TH	OT	Keep the trash emptied and maintained. This goes for neighborhoods as well. In the last survey there was not a place for this but other localities mandate that trash cans be taken back to your yard and not left on the streets. Why does Henrico allow households to leave their cans on the street and attract rats and other critters? Trash in Henrico is a huge problem in parks, neighborhoods, and businesses as there is no rule about it. My neighbor leaves trash cans on the street 365 days a year and I have pictures of rats and possums and it is a huge issue.
Q28	TH	OT	Parks need to be kept clean and safe.

Q28: Please share any additional comments that could assist Henrico County in improving parks, trails, open space, and recreational facilities and services.

Q#	MD	R/E	Response
Q28	TH	WT	* In May 2020, my now 13 year old daughter won [IDENTIFIERS REDACTED] where the print was to design a nature space for your community. Her concept while idyllic was pretty well-thought through for someone who had just turned twelve at the time of submission. Her desire was to create a very inclusive nature space concept. If you are open to it to taking a look at it, we would be happy to share her submission (both the art and accompanying write up) for your consideration. It might inform your considerations and eventual decisions around use of space, facility design and programming options. We would be willing to share images of both the artwork and the accompanying written description of her concept. If interested, my name is [NAME] and I can be reached at [PHONE NUMBER] or via [EMAIL]. [IDENTIFIER REDACTED] had a short write up acknowledging her award in their August 2020 issue. In any case, I do hope that you will be open to reviewing her award winning nature space concept and design. I should also note that in completing this survey, my answers took into account my needs and interests and those of both of my two children. We are fairly new residents to Henrico County, moving here from Richmond City as part divorce situation in July of 2019, so we had not lived here long before the pandemic hit. I wanted to acknowledge that do not think as a new resident that I am very aware of all that Henrico County Parks and Rec offers. To better inform myself, I went to the parks and recreation section of the Henrico County website. I was surprised to discover that there was no way that I could find at least within this small iPhone interface a list of all of the Henrico Co Parks. There were ways to click on things by amenities, but I did not easily find a list. These are the Henrico County parks that my family ans I have made use of most often (in no particular order) - Dorey, Osborne Boat Landing, Deep Run, Cheswick and Crump, but I wanted to share that list because of the geographic range of our most frequent use. When I answered the question asking for the four program offering areas that we participate in most often, I wanted to be clear that I listed the four activities we participate in most often, but that we also most often participate in these activities in areas/venues outside of Henrico Co Parks and Rec. I also wanted to clarify that I selected Mobile App as how I would most like to receive information about offerings, but I have to clarify that this would only be the case if it is a well-designed/functional mobile app. If it was not user friendly or did not have the features that would make it versatile and easy to use, then I would probably prefer email or a combination of the two (an app that would allow you to set notifications around your areas of interest and geographic region).

Q28: Please share any additional comments that could assist Henrico County in improving parks, trails, open space, and recreational facilities and services.

Q#	MD	R/E	Response
Q28	TH	WT	As a professional photographer I would suggest encorporating ongoing photography classes from beginner through more advanced. Including, both classroom, as well as, hands on field training. Utilizing HCPARKS nature trails. Would give participants a chance to get to know the array of HCPARKS trails and other outdoor activities. Especially folks that are not familiar with what the HCPARKS system has to offer.
Q28	TH	WT	Charlotte, NC has an awesome greenway system that you could check out.
Q28	TH	WT	Eager to see if there are opportunities for indoor aquatics at some point. Would like to see a more developed trail system.
Q28	TH	WT	Given our age we use parks very little; mostly for walking, dog walking and playgrounds for the grand kids. I think Henrico does a good job with its park; mainly keeping them clean, safe and maintained. I have lived in many places and experienced many parks; I consider Henrico parks to be one of the very best.
Q28	TH	WT	Great long trails for running or hiking would be nice. Also, an outdoor fitness center in the Deep Run area would be great. Something outside with free weights/CrossFit style setup.
Q28	TH	WT	Greater emphasis should be placed on maintaining green spaces and working with conservation partners to ensure that we allow for healthy streams and waterways.
Q28	TH	WT	I have been happy with mine, i do live in western side of county near Godwin and parks here are good
Q28	TH	WT	I like Henrico parks. I think they need to be more easily accessible by means other than a car! If we lived in the city, we could park our car after work and walk or bike everywhere we need to go... the only places in the county like that are large developments like West Broad Village and Greengate, both of which are terrifically expensive to live in. The county needs to spend time figuring out the existing neighborhoods' needs.
Q28	TH	WT	I live next to Deep Run Park and LOVE that I have easy walking and biking access to this park. I'd like to use the new boardwalk along Tuckahoe Creek more but where are folks supposed to park? And Henrico needs more natural trails - dirt trails that may sometimes be muddy or dark but that feel like we're immersed in nature.
Q28	TH	WT	I struggle to find information about the locations of parks with walking trails near where I am at any given time. I'm not sure if an app would help with that or if the website is a better option. Please add more pickleball courts! I love to play at Pouncey Tract and they are often full. It's a growing sport.

Q28: Please share any additional comments that could assist Henrico County in improving parks, trails, open space, and recreational facilities and services.

Q#	MD	R/E	Response
Q28	TH	WT	I think Henrico does an excellent job with their park system. I love to ride my bike, walk, and run in my neighborhood as well as (mostly) Deep Run park. I don't always feel comfortable riding my bikes on some of the busier roads in the area. I understand it's not easy to retrofit the roads, but any improvement is welcome. I drive to the Captial trail to ride my bike and a local option would be great.
Q28	TH	WT	I think it's very important that the County have all of the above services for individuals who are actively using them and for those who have not yet used or seldom use them.
Q28	TH	WT	I think linking trails with destination is a great idea, but I could only choose 2. The reason I don't ride bikes is that I cannot go outside of my neighborhood without riding on a busy road or driving to a different location to ride ride my bike.
Q28	TH	WT	I usually take my grandchildren to the play areas, but of course, since the pandemic we have not used any facilities where there is play equipment. Overall, before the pandemic, I felt that Henrico County Parks were an excellent entertainment choice for the kids to meet and play with their friends.
Q28	TH	WT	I would enjoy more gravel or unpaved trails to provide a softer fall for my toddler when walking. Paved trails work well for strollers, but not well for new walkers. I also wish that the trail linking my neighborhood to my elementary school was more well taken care of.
Q28	TH	WT	I would like to ride bikes and walk with my family to parks, school and restaurants/places of business. However, my area has been the forgotten area of community improvements in Henrico County. My neighborhood is along Patterson Ave between Pump and Gaskins. There are NO sidewalks. There is NO connectivity
Q28	TH	WT	I would like to see additional recreational options on the Patterson Avenue corridor in western Henrico
Q28	TH	WT	I'm a runner who enjoys both road running and trail running. The expansion of trails (both paved and natural unpaved options) along busier stretches of road, especially in the Tuckahoe area where I live (e.g. Skipwith, Parham, Three Chopt), would help me feel much safer as a runner navigating between neighborhoods as I run distances varying between 2 and 20 miles. There are some existing sidewalks in this area but they often stop abruptly leaving me to run alongside the narrow shoulder of the road which risks my safety. I'd love to see more connection of sidewalks and trails and believe this would help the entire community be more active and open more possibilities to bike, walk, and run to work/school and for leisure.

Q28: Please share any additional comments that could assist Henrico County in improving parks, trails, open space, and recreational facilities and services.

Q#	MD	R/E	Response
Q28	TH	WT	I'm very fortunate. I have lots of outlets for my energy and time. For me, the primary shortcoming in Henrico County recreational opportunities is the risky bicycling conditions. Constituents: (1) zero bike lanes or routes, (2) narrow road lanes, (3) drivers who are not considerate of cyclists. There are very few aggressively rude drivers (though it only takes one). Most are simply disinclined to cut cyclists any slack -- a problem complicated by the road system.
Q28	TH	WT	Improvements can always be made but generally the park facilities are quite good to excellent in Henrico and we don't have any major issues. They are probably facilities and programs of which I'm not aware and it would be nice to have an active, user friendly website to get more information
Q28	TH	WT	In the West End especially, focus on the development of smaller size neighborhood parks. There are a couple of them already, but no where close to the University Heights neighborhood area. Also, additional bike trails in existing parks. Offer more classes for not only seniors, but adults of all ages.
Q28	TH	WT	It is hard to see trash cans overflowing along the trails to often. We may need to hire more employees and encourage volunteers a few times a year, to help clear paths of fallen branches and any trash.
Q28	TH	WT	Keep at it. Y'all do good work it's just a monumental task.
Q28	TH	WT	More and/or improve paved trails and benches
Q28	TH	WT	More bike lanes and sidewalks
Q28	TH	WT	NA
Q28	TH	WT	Nothing to add
Q28	TH	WT	Parks are well maintained and frequently used.
Q28	TH	WT	Please turn every multi-lane expressway into a single lane with a dedicated bike line (like the Church road project in Aug-Sep 2021). These roads do not need multiple lanes, and the paths/crosswalks are a welcome, safe addition to the street. We need more of this.
Q28	TH	WT	Security, particularly @ Deep Run! Lots of car break ins there. Can't comment on other parks.
Q28	TH	WT	The county should have a bike path like the capital VA trail that is accessible in the west end. I have to take my bike into Richmond to access a decent trail for riding.
Q28	TH	WT	The need to drive to a park that has the nearest safe areas to take a long walk is similar to something that I heard about in New York City: People would take an elevator to an exercise gym on the 33rd floor, and there they would use the stair climber machine.

Q28: Please share any additional comments that could assist Henrico County in improving parks, trails, open space, and recreational facilities and services.

Q#	MD	R/E	Response
Q28	TH	WT	The older parks are n poor shape. I would love to walk to one but this county lacks safe sidewalks, lighting, etc. and I would LOVE to bike all over but there are very few bike lanes, none that I've seen accept n the city and drivers SUCK down south! I used to ride more years ago but I got hit and was lucky to survive. I've lived in the county for years and the roads are more dangerous than they used to be and cars don't care for sharing the road. If u want to make this area more friendly visit Reston VA the exercise trails were super! Very safe!
Q28	TH	WT	The trails really need better markings, often when I am hiking there is a fork in the path with no trail markers on either side of the split. Combined with the lack of maps it makes me worried about getting lost
Q28	TH	WT	To have more dedicated mountain biking trails that have dedicated/ well marked.
Q28	TH	WT	We don't visit Deep Run Park anymore late in the day because of security concerns.
Q28	TH	WT	We need sidewalks/bike lanes from Raintree and Gayton forest neighborhoods to Deep Run Park and Gayton Crossing Shopping Center
Q28	TH	WT	We often go to a playground park for the older children although we may have one in a stroller. It would be nice to have a central "parking" area for parents/grandparents that is accessible for strollers/wheelchairs and be able to keep watch on the older children while they play.
Q28	TH	WT	We should invest in a trail network that makes getting almost anywhere by bicycle or foot or wheelchair as safe and convenient as by car (if, admittedly, a little slower) for users of all types, not just cyclist road warriors. You should study Dayton Ohio and its surrounding communities for an example of how to do it well and its benefits for the entire community. If we build it, they will be filled & dramatically improve this county's quality of life and contribute to greater transportation equality.
Q28	TH	WT	We use Deep Run Park a lot and it's been so important during the pandemic to have a nice place to walk. Keep pushing in maintaining and developing these kinds of areas. More trails would be great. Thank you!!!
Q28	TH	WT	When I visit my sister in Northampton MA, there are many, many wide paved paths that make it easy for people with disabilities as well as bikers & hikers to walk and to walk from village to village.

Responses from Varina Magisterial District

Q28: Please share any additional comments that could assist Henrico County in improving parks, trails, open space, and recreational facilities and services.

Q#	MD	R/E	Response
Q28	VR	BL	Being a resident of Sandston, updating the YMCA would be a big deal for the community. Also providing more security at the East Laburnum Rec Center would be a high help in bringing back neighborhood visitors to that facility.
Q28	VR	BL	Cleanliness.
Q28	VR	BL	Consider the tourism revenue that could be made from increased travel sports selection of Henrico's county facilities when planning.
Q28	VR	BL	equity across the east and west ends of henrico
Q28	VR	BL	Fix up basketball courts place new nets up around henrico county schools. New pavements up , cut back grass in trails more often. Put up a recreation center in Varina district expose kids in area to new sports not just football/ basketball. Give them Locrosse, swim teams
Q28	VR	BL	I could get on the walk/ride path if the sidewalk extended a little bit more in my community. There is a sidewalk but it drops off into brush which would make me need to walk on a dangerous road to get to the path. As of now, I have to drive 5 minutes away to walk in the park (which is not bad) but I would prefer to not have to drive to get to a path.
Q28	VR	BL	I have enjoyed the Farmers' Market at Dorey Park during the spring, summer and fall.
Q28	VR	BL	I would like see more lighting in Dorey Park. There are avid runners and walkers who are out at 0430 to 0500 in the morning. It would help if more lighting was available to increase safety and security.
Q28	VR	BL	keep grass cut and maintain cleanliness around the trails I know its hard because of people littering but just keeping the grass cut helps out tremendously. Imust say on the route5 trail majority of the time it is well maintained.
Q28	VR	BL	More small neighborhood parks with walking trails and picnic areas
Q28	VR	BL	More trail
Q28	VR	BL	No comments at this time.
Q28	VR	BL	None
Q28	VR	BL	Swimming pools should be added to recreation centers to give more to so in the summer, more trails should also be offered Varina trail is to far.
Q28	VR	BL	the parks and recreation center in eastern henrico is no comparison to what is being offered in the western part of henrico and the glen allen areas
Q28	VR	BL	-Work to keep 'all' HC parks updated.

Q28: Please share any additional comments that could assist Henrico County in improving parks, trails, open space, and recreational facilities and services.

Q#	MD	R/E	Response
Q28	VR	HL	Postcards in the mail would be nice to invite people to hear about activities offered at the Henrico recreation centers. I was not even aware things were being held Also more skate parks builds to help kids who want to practice skating, rollerblading or skateboarding or biking for that matter. I don't think there's any skate parks close within the Sandston area I know litter is a huge and unfortunate problem but not sure if more trash cans placed throughout parks would help keep trash off the ground
Q28	VR	MP	Bikers need dedicated paths away from traffic. Allowing them to ride in traffic slows traffic patterns, creates confrontations between drivers and bikers, and ruins two people's lives when a biker gets hit. No one wants to hit a biker, so stop increasing the likelihood of that by placing them in traffic.
Q28	VR	MP	For the dog park, sometimes the large dogs are in the small dog park. There should be a picture of sizes of dogs that are allowed. "Small dog park" is open to vague interpretation.
Q28	VR	MP	I would like to see all Henrico County parks improved the same not one having better quality of space, picnic tables, children playground, better drinking equipment not open exposure, more parking to be opened up, bathrooms supplied and cleaned better in certain places. When my family travel to different parks and see they are not all equipped the same it is very disappointing as if Henrico County only care about a specific area. Henrico County residents support the parks please don't forget we love to utilize the park too.
Q28	VR	MP	I would like to see more equipment like pull up bars, dip bars things you can do outdoors to improve health
Q28	VR	MP	Please consider improving parks, trails, and open spaces with senior citizens in mind. Everything is geared to the young and moderate young; those who are already physically fit. It would be nice if Henrico would provide bicycles to rent to use on trails. I like more monitoring of dog parks for cleanness and safety. Not all users follow the rules of cleaning up after their pets or ensuring their pets play well with others. I found the classes for fitness, like yoga, are always at a location some distance from my home. It would be nice that such fitness programs are provided in more locations.
Q28	VR	MP	Provide more activities for kids.
Q28	VR	MP	Roads are too narrow to ride bicycles from our neighborhood to places where it's safe to ride.
Q28	VR	MP	single track mountain bike trails,comprable to pochahontas park and forest hill
Q28	VR	MP	Those of us that live in outlining areas have to drive so far to get to a park that have trails and indoor gyms. I feel we need more small parks that will accommodate seniors and those with disabilities in outlining areas.

Q28: Please share any additional comments that could assist Henrico County in improving parks, trails, open space, and recreational facilities and services.

Q#	MD	R/E	Response
Q28	VR	OT	Adding street lighting to trails especially at street corners where bike riders and pedestrians cross. Some of those areas are quite dark and dangerous.
Q28	VR	OT	Divide the wealth equally between Eastern and Western Henrico Co
Q28	VR	OT	making the east end of henrico more safe needs to be a priority. There's no sidewalks in a lot of areas but still there's foot traffic so those people have to walk in the road. Some foot traffic frequently goes through private property. So many people shoot illegal fireworks. People speed on the neighborhood roads by the airport. too much transient amenities like motels and gas stations to cater to people like travelers from the interstate and airport passing through but not much to cater to a community.
Q28	VR	OT	Trails are too far from my home and not safe to get to.
Q28	VR	OT	We are in need of more museums that talk about the extensive history here in Henrico particularly here in Varina. Most of the history I have experienced here comes from the Wolf Creek Cherokee Tribal Center Museum. Henrico County needs to provide a better building to display the history of Varina including the history they display.
Q28	VR	WT	Continue to do the best you can do
Q28	VR	WT	Covid has kept me away from the parks
Q28	VR	WT	I feel like everything's in short pump >:(
Q28	VR	WT	I go to Dorey Park every day. I love the trails through the woods!! I am happy to participate in cleanup days etc/ participate in planting native ferns etc to help beautify trails Please reach out to me if there’s anything I can do to help I’m very thankful for Dorey Park—would love a pickleball court!😊
Q28	VR	WT	I think smaller projects have more meaningful impacts. Like trails around apartment complexes to schools and parks. I used one In Maryland when I was there for work. It wound around and through multiple neighborhoods and parks. Busy streets to quiet nature areas. Very nice and heavily used.
Q28	VR	WT	Linking neighborhoods and communities to each other and to public parks by sidewalks and bike lanes improves the health, safely, and quality of life for residents, especially for those that do not have access to an automobile.
Q28	VR	WT	Love the progress that has been made to encourage biking (Cap Teail, bike lanes & roads). Another problem is SHARING trails. When hiking certain trails (buttermilk) some bike riders can be aggressive. The worst are on Cap Trail. They drive fast in populated areas and race by without announcing themselves. Maybe speed bumps should be placed along paved waving areas (Shiplock Park, Dorey Park) etc.
Q28	VR	WT	na

Q28: Please share any additional comments that could assist Henrico County in improving parks, trails, open space, and recreational facilities and services.

Q#	MD	R/E	Response
Q28	VR	WT	Need more activities for young and older citizens. East end is in dire need of more baseball, softball fields, and public indoor walking facilities.
Q28	VR	WT	Need more baseball fields for Sandston area. I understand Taylor Park will not have the fields we voted on. All baseball fields at Dorey Park need to be more disability friendly.
Q28	VR	WT	Need more boat access to rivers and lakes. Open Wilton farm for fishing
Q28	VR	WT	No enough quality indoor spaces on the east side . Thanks for the bicycle trail !
Q28	VR	WT	Our family loves Dorey Park. Thank you so much for the recent updates to the trails and facilities there. It is a beautiful place to spend time together being physically active.
Q28	VR	WT	overall, we appreciate the value of Henrico County Parks and Recreation. We would love to see more in the eastern sector of the county as that is where we recreate most often.
Q28	VR	WT	Please allow qualified people to build your pump track and skate park. The gillies pump track and bmx path in the woods is excellent could be bigger and more wooded. Our family and friends all ride Bmx bikes, mountain bikes, roller skate, and skateboard. Often time the city has grand intentions and falls short on the build or such places, parks, and structures. We enjoy the bike trails at Pocahontas state park and would love something closer. We live close to Dorey Park and enjoy this park the access to the capital trail and the dog park and farmers market. I would love to see the new park in Henrico have a skate and pump track to accommodate me and all my adult friends. We are all in our 40's-60's and still enjoy Bmx biking and Skating, it's not just for kids anymore. Thank you for your consideration [NAME] Charles City Rd
Q28	VR	WT	Sidewalks (or at least road shoulders) in rural areas connecting housing to parks would be helpful. Currently can only use park safely if I drive there. Also, maybe consider emergency beacons along capital trail in long stretches of wooded areas - would help with safety for everyone, but especially women.
Q28	VR	WT	The ball park on Read Street needs to be improved immensely. Buildings, equipment, and bathrooms are completely outdated.
Q28	VR	WT	Would love to see more ponds/lakes where you could fish, even if it is catch and release. More covered picnic areas. An indoor walking facility with evening hours would be wonderful. More senior activities too.

Q28: Please share any additional comments that could assist Henrico County in improving parks, trails, open space, and recreational facilities and services.

Q#	MD	R/E	Response
Q28	VR	WT	Would love to see more rural land under conservation as park land or battlefield sites and less industrial and residential development.
